On Wednesday April 12, 2017 at the execution of a State search and seizure warrant at a location in Corpus Christi, Texas, Mark Anthony CIRILO and Ashley Nicole YUILL were located inside of the residence. Law Enforcement database checks confirm that both subjects reside at this location. They were detained and the search yielded approximately 825 grams of methamphetamine, a handgun, and a very small quantity of heroin. The methamphetamine field tested positive for the presence of methamphetamine.

Post Miranda statements were made voluntarily by both CIRILO and YUILL. Both subjects separately admitted that they knew that methamphetamine was inside of the residence and that it was hidden in the water heater closet of the apartment and that it was being held at that location for another individual. They also admitted that they lived and received mail at the residence.
